

2014

# riesling

.....

*This dry Riesling has aromas of lemon, lime, green apple and a hint of floral. On the palate, the bracing acidity complements the flavours of pineapple, Golden Delicious apples, lime and minerality on the finish.*

## FOOD PAIRINGS

Drink this with seafood tempura, ham, turkey, or simply a plate of cheese with some sliced apple.

## VITICULTURE

Carefully selected fruit of clone 21B and 49 from O'Rourke Family Vineyards in Naramata, cane pruned and then shoot and fruit thinned to produce 4 short tons per acre.

## WINEMAKING

The fruit was hand harvested at the beginning of October and gently whole cluster pressed. The juice was fermented slowly in 100% stainless steel to retain the fresh aromatics. The finished wine was racked and filtered to bottle in February.
