## 2020 RIESLING

This Riesling embodies everything beautiful about the variety. Key lime zest, tangerine and white flower aromatics flourish on the nose and compliments the stony minerality and racy acidity on the finish.

### FOOD PAIRINGS

Seabass, citrus scallops, grilled chicken, grana padano.

### VITICULTURE

Planted in 2014, Riesling is very much at home on our Allendale estate. The Alsatian and German clones we selected have really thrived on our properties glacial till soils, and the cooler summer nights keep the vines in balance. Naturally low yielding, these vines need just a small amount of canopy management and careful fruit thinning to bring them into perfect harmony.

### WINEMAKING

Picked at the end of September, both our Riesling blocks were picked with a bright, acid-driven style in mind. After gentle pressing, the juice was fermented in stainless steel tanks, racked and blended before bottling in January.
