2020 RESERVE PINOT NOIR

TASTING NOTES

Dreamy dark red cherries, forest floor, and cedar aromatics grab your attention. On the palate, this Pinot Noir is both powerful and refined, with dusty tannins and lush juicy fruits.

FOOD PAIRINGS

Chile rellenos, mushroom burger, and a fireside reading nook.

VITICULTURE

A beautiful reflection of the diversity of our exceptional estate vineyards in Okanagan Falls and Naramata. Wildly different soils, aspects, and climates result in two very different fruit profiles, with viticultural practices tailored to what each individual block of fruit needs.

WINEMAKING

Each individual pick of Pinot Noir was lovingly hand sorted, destemmed, and fermented in small batch vessels. The fermenters were hand plunged and gently pressed to French oak. After 16 months in oak, every barrel was tasted as part of our blending process. The Reserve blend was crafted using only barrels that most perfectly reflect the incredible 2020 vintage.
