2020 PINOT GRIS

Apricot, green apple and lemon zest aromas are beautifully underscored by the stoney minerality which defines our vineyard sites. The palate surprises with added complexity from notes of honeysuckle and a subtle spice reminiscent of arugula.

FOOD PAIRINGS

Seabass, citrus scallops, grilled chicken, grana padano.

VITICULTURE

Our 1994 planting of own-rooted clone 457 from our Allendale property was cane pruned and then shoot thinned to produce 2.5 tons/acre. Pinot Gris from our Lusitano vineyard was cropped similarly. The final component was harvested further south in Oliver on the Black Sage bench and cropped at 3 tons/acre

WINEMAKING

Pinot Gris was harvested over the last two weeks of September and whole cluster pressed. Each vineyard block and harvest were pressed and fermented separately with a variety of temperature profiles. Approximately 20% fermented in neutral French oak barrels with daily lees stirring and the remainder in stainless steel. The 2020 Pinot Gris was blended, filtered and bottled in January 2021.
